NEED ANALYSIS

It was considered essential to develop the curriculum of Diploma Course in Modern Office Management & Secretarial Practice to accommodate new areas of technology as well as update the existing course contents of Stenography & Secretarial Practice Curriculum so as to make it more relevant to the need of the world of work.

A number of professionals representing various field organisations, higher technological institutions and Polytechnics of the state were involved to update the curriculum of Stenography & Secretarial Practice into the new curriculum named as Modern Office Management & Secretarial Practice.

Experts from the field and higher educational institutions emphasised the need of making the curriculum more technology oriented and practice based.

Need for inclusion of computer in Office Management & other office automation equipment, entrepreneurship development and linkage of Polytechnics with the world of work was emphasised.

Experts from the field were of the view that the curriculum should be broad based in nature so as to provide larger base of employment flexibility in functioning. The need for developing information collection, communication and problem solving activities were also stressed upon.

It was also suggested by the experts that provision for vertical uplift of students in any field of his choice should be kept open. The dead wood from the course contents be deleted and course should not be stuffed with unnecessary information.

The emphasis should be to make the students more skill oriented to face the challenges of practical life. Keeping in view the above requirements, course objectives were decided and for the achievement of these objectives, the subject areas with necessary knowledge and skill components were analysed.

This Curriculum should be strictly implemented by the Polytechnics in its letter and spirit to make the course more fruitful and employment oriented for students. It will produce the necessary manpower to assist the increased working environment of Modern Offices & business organisations.

PROFILE DEVELOPMENT:

The job of development of curriculum in Modern Office Management & Secretarial Practice was undertaken by the Institute of Research Development and Training U.P., Kanpur to make it more job-oriented and need-based. Changes and developments on account of technological upgradation in machine and material have been taken into consideration in the development of curriculum. The input qualification for the course is 12+ with Joint Entrance Examination.

Following steps were taken in the revision of curriculum :

1. An instrument for getting information about job potential/job opportunities manpower assessment both present and projected was designed and sent to various Modern Offices & Secretarial Practice/Personnels/Teaching institutions.
2. The feed back previously received was not satisfactory so it was collected through mutual interaction with entrepreneurs, experts of the field and business organisations.
3. The feed back was analysed in a workshop and course outline was formulated.
4. The detailed course contents were developed in a workshop by mutual interaction among experts of the field and industry.
5. Effort has been made to increase placement potential by introducing new subject areas in the curriculum.

The following logical sequence has been adopted in the revision of curriculum.

- Listing job potential and activities done in various jobs.
- Analysing activities into knowledge and skill.
- Determining the course objectives.
- Deriving subjects of study from course objectives.
- Horizontal and vertical organisation of curriculum.
- Detailing of course content for each subject.

- Formulation of study and evaluation scheme.
- Determination of resource input in terms of human resource (Staff requirement), physical resources (space, equipment) and information resources (Books, Magazines Video films, slides etc.)

It is hoped that this curriculum if implemented in right spirit in polytechnics will produce competent and right type of middle level man power for Modern Office Management & Secretarial Practice and related field.
